"MOTOR-VEHICLE ACT."

REGULATIONS.

PURSUANT to the provisions of this Act, the Lieutenant-Governor in Council has been pleased to make regulations as follows:—

INTERPRETATION.

1. In these regulations:—

"Act" shall mean the "Motor-vehicle Act":

"Beam of light" shall mean the reflected rays of light which are projected approximately parallel to the optical axis of the reflector:

"Head-light" shall mean any lamp mounted on a motor-vehicle the rays of which are projected forward, other than a spot-light:

"Spot-light" shall mean any lamp commonly known as a spot-light which is so fastened to a motor-vehicle that its rays are projected forward.

APPLICATION OF INTERPRETATION SECTION OF ACT.

2. The expressions defined in the interpretation section of the Act (section 2) shall, when used in these regulations, have the same respective meanings as in the Act.

EQUIPMENT.

3. Every person who drives, operates, or uses on any highway a motor-vehicle or trailer shall observe and carry out the following provisions as to equipment and its use; and every other person to whom any of such provisions may apply shall observe and carry out that provision:—

NUMBER-PLATES.

- (a.) The number-plates issued by the Superintendent in respect of a motor-vehicle other than a motor-cycle shall be displayed in conspicuous places, one on the front and one on the back of the motor-vehicle, and the number-plate so issued in respect of a motor-cycle or trailer shall be displayed in a conspicuous place on the back thereof. Every number-plate shall be so fastened to the motor-vehicle or trailer as to prevent the number-plate from swinging, and shall be kept entirely unobstructed and free from dirt, and so that the numbers thereon may be plainly seen and read at all times:

LAMPS.

- (b.) The motor-vehicle shall be equipped with lamps as prescribed in these regulations of sufficient power and so adjusted and operated as to enable the person driving the motor-vehicle to proceed with safety to himself and to other users of the highway under all ordinary conditions of highway and weather:

HEAD-LIGHTS.

- (c.) Every motor-vehicle other than a motor-cycle shall be equipped with two head-lights of equal candle-power, one mounted in a conspicuous position on each side of the front of the motor-vehicle, and every motor-cycle shall be equipped with one head-light mounted in a conspicuous position on the front thereof. During the period from one-half hour after sunset to one-half hour before sunrise such head-lights shall be kept lighted whenever the motor-vehicle is in motion on any highway. Every head-light equipped with a reflector shall be so constructed, equipped, or mounted that no portion of the beam of light therefrom when projected seventy-five feet or more ahead of the head-light rises above a plane forty-two inches higher than and parallel with the plane on which the motor-vehicle stands. Every person driving or operating a motor-

vehicle on any highway shall upon request of any officer or constable of the Provincial Police Force, or of the Police Force of any municipality, take the motor-vehicle to a place designated by the officer or constable, and submit the same there for the inspection and testing of the head-lights and other lights with which the motor-vehicle is equipped:

SPOT-LIGHTS.

- (d.) No motor-vehicle shall be equipped with more than one spot-light. The beam of light from the spot-light when the motor-vehicle is in motion shall always be directed to the right of the medial length line of the motor-vehicle, and so that the beam of light shall strike the ground on the right-hand side of the motor-vehicle at a distance not exceeding one hundred feet in front of the motor-vehicle:

TAIL-LIGHTS.

- (e.) Every motor-vehicle other than a motor-cycle and every trailer shall be equipped with a lamp mounted on the back thereof capable of displaying a red light visible in the rear of the motor-vehicle or trailer, and the same lamp or an additional lamp capable of conspicuously illuminating with white light the rear number-plate on the motor-vehicle or trailer so as to render the numerals thereon visible for a distance of at least fifty feet in the rear of the motor-vehicle or trailer, and such lamp or lamps shall be kept lighted during the period from one-half hour after sunset to one-half hour before sunrise:

Where there is attached to the motor-vehicle for the purpose of being drawn by it any implement of husbandry or any vehicle used exclusively for touring purposes and only to convey camping equipment, the implement or vehicle so attached shall be equipped with a lamp mounted on the back thereof capable of displaying a red light visible in the rear of the implement or vehicle, which lamp shall be kept lighted during the period from one-half hour after sunset to one-half hour before sunrise:

No red light shall be carried or displayed upon any motor-vehicle or upon any trailer, implement, or vehicle drawn by a motor-vehicle in such a manner as to be visible in the direction in which the motor-vehicle is proceeding:

Every motor-cycle shall be equipped with a reflector or lamp mounted on the rear thereof capable of reflecting or displaying a red light towards the rear, and if equipped with a lamp such lamp shall be kept lighted during the period from one-half hour after sunset to one-half hour before sunrise:

BRAKES.

- (f.) The motor-vehicle shall be equipped with brakes adequate to control the motor-vehicle at all times, and no motor-vehicle shall be allowed to stand unattended without first effectively setting the brakes thereon and stopping the motor of the motor-vehicle. Every person driving or operating a motor-vehicle on any highway shall upon request of any officer or constable of the Provincial Police Force, or of the Police Force of any municipality, permit the officer or constable to inspect and test the brakes with which the motor-vehicle is equipped, or, at the option of the officer or constable, shall operate the motor-vehicle as directed by him for the purpose of the inspection and testing of the brakes:

HORN.

- (g.) The motor-vehicle shall be equipped with a suitable horn, bell, or signalling device for producing an abrupt sound, and the same

shall be sounded whenever it is reasonably necessary as a signal or warning to any person of the approach of the motor-vehicle; but no motor-vehicle, other than a motor-vehicle operated by the Provincial Police Force or the Police Force of some municipality, shall be equipped with any horn which produces a signal composed of the same or similar notes or combination of notes as the signal assigned by the Superintendent for use by the Provincial Police Force or for use by the Police Force of any municipality. No horn commonly known as a siren horn shall be carried or used on any motor-vehicle other than a motor-vehicle operated by the Provincial Police Force or the Police Force or Fire Department of a municipality or as an ambulance:

MUFFLER.

- (h.) Every motor-vehicle propelled by an internal-combustion engine shall be equipped with an exhaust muffler, and the muffler shall not be cut out or disconnected while the motor-vehicle is in operation within the limits of any city municipality incorporated under any general or special Act of the Legislature:

SIGNALS.

- (i.) Before turning, stopping, or changing the course on the highway of any motor-vehicle, and before turning such vehicle when starting the same, it shall be the duty of the operator thereof first to ascertain whether there is sufficient space for such movement to be made in safety, and if the operation of other vehicles may reasonably be affected by such turning, stopping, or changing of course, the operator shall give a signal plainly visible to the operators of other vehicles of his intention to turn, stop, or change his course. Such signal shall be given either by the use of the hand and arm or by the use of an approved mechanical or electrical device:

When the signal required by this regulation is given by the use of the hand and arm the intention to turn the motor-vehicle toward the left shall be indicated by extending the hand and arm horizontally from and beyond the left side of the motor-vehicle; the intention to turn to the right shall be indicated by extending the hand and arm vertically with the hand pointing upward out from the left side of the motor-vehicle; when the signal to be given is to indicate the intention to stop a motor-vehicle or abruptly or suddenly to check its speed, it shall be given by extending the hand and arm out from and beyond the left side of the motor-vehicle and pointed in a downward direction:

When such signal is given by means of a device, it shall only be given by an adequate device which has been approved by the Lieutenant-Governor in Council:

No person shall sell or offer for sale such a device until it has been approved by the Lieutenant-Governor in Council:

The following named mechanical or electrical devices shall be deemed to be approved signalling devices for all purposes of these regulations:—

- “W.S.W. Auto Signal:
- “Mitchell Safety Signal:
- “Universal Signal System:
- “Gordon Signal:
- “Mellis Hand Signal:
- “Gibbs Auto Direction Indicator:
- “All-in-one Auto Signal”:

In the case of every motor-vehicle, other than a motor-cycle, which is equipped with a right-hand drive, and which has not heretofore been registered under the Act, all signals required by this regulation shall be given by means of an approved device, and no such motor-vehicle shall be driven or

operated on any highway unless it is equipped with a signalling device duly approved for the purposes of these regulations:

Any electrical device equipped with a lamp capable of displaying a coloured light in the rear of a motor-vehicle (additional to the tail-light), and operated automatically in conjunction with the foot-brake of the motor-vehicle, shall be deemed to be an approved device for the purpose of giving a signal pursuant to these regulations to indicate the intention to stop the motor-vehicle or abruptly or suddenly to check its speed:

WINDSHIELD STICKERS.

- (j.) No windshield sticker, paper, or other obstruction shall be placed over or affixed to any part of the upper half of the glass of the windshield or any part of the rear window of any motor-vehicle:

WINDSHIELD WIPERS.

- (k.) Every motor-vehicle other than a motor-cycle shall be equipped with a mechanical device for wiping from the windshield rain and snow, so installed that it can be readily operated or its operation controlled by the person driving the motor-vehicle.

TRANSFER OF MOTOR-VEHICLE LICENCE.

4. Upon receipt of the notice of transfer of a motor-vehicle transmitted pursuant to section 21 of the Act, and upon payment of a transfer fee of seventy-five cents, the Superintendent may transfer the licence mentioned in the notice to the transferee of the motor-vehicle: Provided that in the case of the sale or the transfer of a motor-vehicle registered and licensed without payment of fees in respect thereof under the provisions of subsection (3) or (4) of section 25 of the Act, no transfer of such licence shall be made to any purchaser or transferee other than a municipality or a person who has lost a limb through active service in the Great War. Where a motor-vehicle so registered and licensed is sold or transferred to any such other purchaser or transferee the current licence and number-plates issued in respect of that motor-vehicle shall be forthwith surrendered to the Superintendent, and the further registration and licensing of that motor-vehicle shall be subject to the payment of the fees payable in respect of registration and licensing of the motor-vehicle provided for in subsections (1) and (2) of said section 25.

TRANSFER OF TRAILER LICENCE.

5. Upon receipt of a notice in writing signed by the holder of a trailer licence and by the purchaser to whom the trailer has been transferred stating the fact of such transfer and requesting a transfer of the licence, and upon payment of a transfer fee of seventy-five cents, the Superintendent may transfer the licence to the purchaser of the trailer: Provided that in the case of the sale or the transfer of a trailer registered and licensed without payment of fees in respect thereof under the provisions of subsection (3) or (4) of section 25 of the Act, no transfer of such licence shall be made to any purchaser or transferee other than a municipality or a person who has lost a limb through active service in the Great War. Where a trailer so registered and licensed is sold or transferred to any such other purchaser or transferee the current licence and number-plates issued in respect of that trailer shall be forthwith surrendered to the Superintendent, and the further registration and licensing of that trailer shall be subject to the payment of the fees payable in respect of registration and licensing of the trailer provided for in subsections (1) and (2) of said section 25.

LICENSEE'S SIGNATURE.

6. No form of licence prescribed by these regulations shall be complete, nor shall any licence issued under the Act be valid, unless the signature of the licensee appears on the face thereof in the place prescribed therefor.

DUPLICATE LICENCES.

7. Upon receipt of an application in writing accompanied by such evidence as the Superintendent may require as to the loss or destruction of any current motor-vehicle licence, and upon payment of a fee of fifty cents, the Superintendent may issue to the licensee a duplicate of the licence.

PERMIT FEE.

8. The fee payable for a permit issued under the provisions of subsection (2) of section 18 of the Act shall be one dollar.

METHOD OF DETERMINING VALUE.

9. For the purpose of computing the amount of annual licence fees payable under the Act in respect of any trailer or any motor-vehicle other than a motor-cycle, the value of the trailer or motor-vehicle shall be determined on the basis of the dealer's selling-price, f.o.b. point of delivery in British Columbia, of trailers and motor-vehicles of the year, make, and style of the trailer or motor-vehicle in question, allowing in all cases where the trailer or motor-vehicle has been used a deduction from the selling-price according to the following table of depreciation:—

Values up to \$1,500, Selling-price.

For 1 year's use a deduction of	25%.
" 2 " "	35%.
" 3 " "	45%.
" 4 " "	50%.
And 10% additional for each year of use after fourth year.	

Values \$1,500 and over, Selling-price.

For 1 year's use a deduction of	30%.
" 2 " "	40%.
" 3 " "	55%.
" 4 " "	60%.
And 10% additional for each year of use after fourth year.	

In calculating depreciation for any number of months less than twelve, an allowance of a proportionate number of twelfths of the deduction prescribed for the corresponding year may be made.

METHOD OF DETERMINING RATED CARRYING CAPACITY.

10. For the purpose of computing the amount of annual licence fees payable under the Act in respect of any trailer, the rated carrying capacity of the trailer shall be that fixed and advertised by the manufacturer thereof, or, if not so fixed, the Superintendent or any person authorized by him may determine its rated carrying capacity.

POWER TO DETERMINE DISPUTES.

11. Where any dispute arises as to the weight, value, or carrying capacity of any motor-vehicle or trailer in computing the amount of fees payable in respect thereof, the Superintendent or any person authorized by him for that purpose may determine its weight, value, or carrying capacity, and his decision shall be final.
